WHAT ARE SENTENCE TREES?

These Sentence Trees are a fun way for beginning readers to practice sentence fluency. The students will start by reading the first word. Then they will add a word to the sentence until they have read the entire sentence. It gives your students practice reading sight words as well as building fluency skills.

*This packet includes all 220 Dolch Sight Words as well as most of the Dolch nouns.

HOW DO I USE THESE?

I have included both a color and a black and white version of these cards. The color cards are great for printing on w[illegible]e p[illegible] and laminating, but the blac[illegible] ar[illegible] w[illegible] version would be great t[illegible] int[illegible] [illegible] paper befor[illegible] [illegible] [illegible]an[illegible]nate, [illegible] cu[illegible] [illegible]e [illegible]rds. [illegible] I hook them [illegible] a m[illegible]tal r[illegible]. [illegible]he students can use these as a [illegible]ent activity when they finish [illegible] work, or in a center. They could also be used for partner reading fluency practice. These Sentence Tree cards also make for an easy activity if you have a teaching assistant that pulls students to practice reading fluency.
