How to Play:

1. Choose about 20 sight word flashcards. Place the sight word cards and the POP! cards in the empty popcorn bag.
2. Without looking, player 1 chooses a card from inside the bag.
   a. Player 1 reads the card. If player 1 reads the word correctly, he/she may keep the card.
   b. If player 1 does not read the word correctly, the card must be returned to the bag.
   c. If a POP! card is drawn, the player must put all of his/her cards back into the bag.
3. It is now player 2's turn. Keep playing until a given time is up. The player with the most cards wins!
