Directions for Sight Word "Go Fish"

AKS: Read emergent-reader texts with purpose and understanding (CCGPS) (KLA_C2012-23/ELACCKRF4)

- Choose 10 words that your child is working on at home. Make sure you and your child have the same 10 words in your hands.
- Deal out 5 cards to each player. Place the rest in the middle of the table...this is the "pond".
- Players take turns asking another player if they have a card ("Do you have the word ***see?***").
- If the player has the card, he gives it to the asking player. If not, he tells the player to "go fish" and the asking player draws a card from the pond.
- If a player gets the card from either another player or the pond, he gets to take another turn. As players make matches, they lay them down.
- Continue playing until all matches have been made. The player with the most matches wins.
