1st Grade Game Instructions

Flash Cards
Use the Dolch Sight Word list and the index cards to make flash cards for each sight word. Start with list one and work with it until your child achieves mastery. Move to list two (but be sure to add in list one words so that mastery continues to exist).

Sight word wands
Use your sight word index cards and magic wands to go on a sight word search. Hang sight words around the house and call out a sight word. Let your child search around the house to find the word and tap it with their wand.

Extend their knowledge
Once they find their word have them use their wand to spell their word in the air.

Is your child a sight word master already?
Then use the same games but use the list of fry phrases to read sight words that are within a group of words.

PHRASES WITH FRY INSTANT WORDS

Fry Instant Words are high-frequency words occurring in reading. By practicing reading these phrases containing these words, students can improve skills in both speed and accuracy. There are approximately 150 words on each page. An acceptable fluency level would be for the student to read each page (two columns) in one minute. An untimed pre-test should be given to make sure students can read the phrases correctly before emphasizing fluency.
