**Title I** - Title I, the largest federal program authorized by the Elementary and Secondary Education Act of 1965, which provides federal funds to local school systems and schools with high numbers or percentages of poor children to help ensure that all children meet challenging academic content and student academic achievement standards.

- For further information about Title I, please visit the U.S. Department of Education at <http://www.ed.gov/programs/titleiparta/index.html>.

**Non-Title I** – Those schools that do not receive federal support from Title I funds.

\*The total number of schools differs for AYP (2,040 as opposed to 2,069) because 29 schools had too few students and had their scores rolled-up to the system and/or state level.
