# 'C' Child Find Student Reporting Process

Updating the Child Find Repository is a three-step process.

# 'C' Child Find Student Reporting Process

## Step 1: Update the Child Find Repository

- Select the Child Find Status for each student listed.
- Save all changes made to the Child Find Repository.  
**Note:** It is critical to select a Child Find Status for all students prior to the opening FTE-1, as failure to do so will prevent an LEA from uploading the FTE-1 data file.

# 'C' Child Find Student Reporting Process

## Step 2: Upload FTE-1 Data File

- After the Child Find Repository has been updated, the FTE File Upload button will be accessible when the FTE-1 cycle opens.
- Upload the FTE-1 Data File.

# 'C' Child Find Student Reporting Process

## Step 2: Upload FTE-1 Data File

- The following students should be upload in the FTE-1 Data File:
  - All New 'C' Child Find Students
  - Service Plan Students (**IEP SERVICES** = 'S')
  - Students who exited the LEA since FTE-1 prior year  
(Any withdrawals since FTE-1 of the prior year)
  - Students whose current **CHILD FIND STATUS** in the repository is incorrect
    - This includes student who need to be removed from the Child Find Repository
  - NEW students whose **IEP SERVICES** = 'N'

# 'C' Child Find Student Reporting Process

## Step 2: Upload FTE-1 Data File

### Important Note about Returning 'C' Child Find Students

- Students with a **STUDENT STATUS** = 'C' and **IEP SERVICES** = 'S' must be reported (all required fields) every year because you are serving them.
- Students with a **STUDENT STATUS** = 'C' and **IEP SERVICES** = 'N' must be reported in their first year only. In subsequent years, these students will be in the repository and do not have to be reported from the SIS if there are no changes to the **STUDENT STATUS** or **IEP STATUS**.

# 'C' Child Find Student Reporting Process

## Step 3: Update the **CHILD FIND STATUS** in FTE-1

- Update the data elements for 'C' Child Find Students uploaded in the FTE-1 data file through your SIS for FTE-1.
- **CHILD FIND STATUS** is only reported for 'C' Child Find Students.

**Note:** Not served students (**IEP SERVICES** = 'N') in the Child Find Repository during FTE-1 should be uploaded in FTE-1 to remove them from the Child Find Repository if the student no longer belongs to your LEA.

# 'C' Child Find Student Reporting Process

## Repeat Step 1

- After December 1 when the Child Find Repository reopens, LEAs will be able to update the Child Find Repository again.

# Child Find Repository Reminders

- On July 15<sup>th</sup>, each Child Find Status is reset to blank.
- The Child Find Repository will show all students uploaded in FTE-1 last year as Service Plan or Not Served private or home school students.
- It will also include all students remaining in the repository as Not Served students at the time of FTE-1 signoff last year.

# Child Find Repository Reminders

- Update all students by Sept. 25 and be prepared to REPORT those in FTE-1 who are Service Plan students.
- The Child Find Repository requires you to update the Child Find Status for all students listed before FTE-1 opens.
- If all students in the Child Find Repository are not updated by FTE-1, the upload link will be unavailable in FTE-1. Selections are required.

# Around Sept 25th

- Repository will be closed for updates by GaDOE
- GaDOE will remove those students who are no longer proportionate share students for your LEA from the Child Find Repository.
- After FTE-1 sign-off, the students in the Child Find Repository will be added to the FT 085 IEP Services by Primary Area for Proportionate Share report.

# After FTE-1

- The Repository on the FTE Main Menu will not be available from the time all districts have signed-off on FTE-1 (around October 22), until December 1.
- This will allow Data Collections to take a snapshot of all SWDs, including the 'C' Child Find students not enrolled in public schools, to report in the Federal EDEN (Education Data Exchange Network) reports.

# By December 1, 2024

- GaDOE Data Collections will add all the new/uploaded 'C' Child Find students to the Child Find Repository. These are new Child Find students and will be added with the status of '01' – Still Child Find (default).
- Students with a Child Find status of '02-14' will not be added to the Child Find Repository.

# By December 1, 2024 - Continued

- LEAs can resume changing the status of 'C' Child Find students. These students will stay on the status report until the following FTE-1 processing is done.
- The repository list of 'C' Child Find students will be available yearly.
