

# THE POWER OF COMMUNITY COLLABORATIONS

*to transform lives*

## *center for* **ACADEMIC SUPPORT**

A one stop center for students to complete academic work, receive academic support, and explore career and college opportunities. Support is offered through a writing lab, test preparation, mentoring programs, tutoring, scholarship assistance, college search and application assistance and career shadowing/internship/jobs.

## *center for* **BEHAVIOR SUPPORT**

Students develop a personal plan to change their own behavior and/or improve their academic performance, as well as, develop a personal plan for post high school success. From mentoring opportunities to yoga classes to assistance with bullying, wellness and nutrition and job skills assistance, services are available to ignite each student's sense of hope and purpose.

*Thank you to our  
partners and donors*

## *center for* **COMMUNITY PARTNERSHIPS AND SERVICES**

Students learn coping and decision-making skills, and connect with community services and school staff who can assist with an individual's identified barriers to learning and graduation. Through counseling and family support, our partners work to address basic needs with a food pantry and clothing closet, as well as mental health needs with support for a wide variety of concerns from eating disorders, sexual abuse, depression, grief, domestic violence, and much more.
